# About Us

L&T-SuFin is an integrated platform for buying and selling of industrial products and services. Backed by L&T – India's leading manufacturing, building & construction company – L&T-SuFin is poised to transform the B2B marketplace. Enabling businesses, especially MSMEs, to source their industrial suppliers pan-India, digitally and cost-effectively.

Being 'integrated' means that with L&T-SuFin you get everything, from a vast selection of products across multiple categories to Financing and Logistics support from carefully vetted Partners. It brings choice and convenience to your doorstep in one completely reliable package.

For Sellers, L&T-SuFin is an opportunity to broaden their markets like never before. The platform is designed to reach out to buyers across categories and pan India geographies and enable businesses by providing them with a complete ecosystem of seller tools, delivery, and negotiations on a single platform.

The platform offers a unique opportunity to finance and offer logistical solutions to support your business with capital. We aim to leverage our core strength with technology, to offer the L&T experience on a digital platform.

## The L&T-SuFin Advantage

### Discovery

Find KYC verified Suppliers across Pan India

### Transaction

Sell and get payments online.

### Delivery

Option of Full load & part load delivery to 21,000+ codes.

### RFQ

Get qualified leads from KYC verified buyers.

### Finance & Loan

Get Business loans at market competitive rates.

## How It Works

1

### Get Registered

Provide Basic KYC details  
Choose your business category  
Upload catalogue

2

### Showcase

Reach out to verified buyers  
Buy directly and deliver  
Get pan-India quotes for your product

3

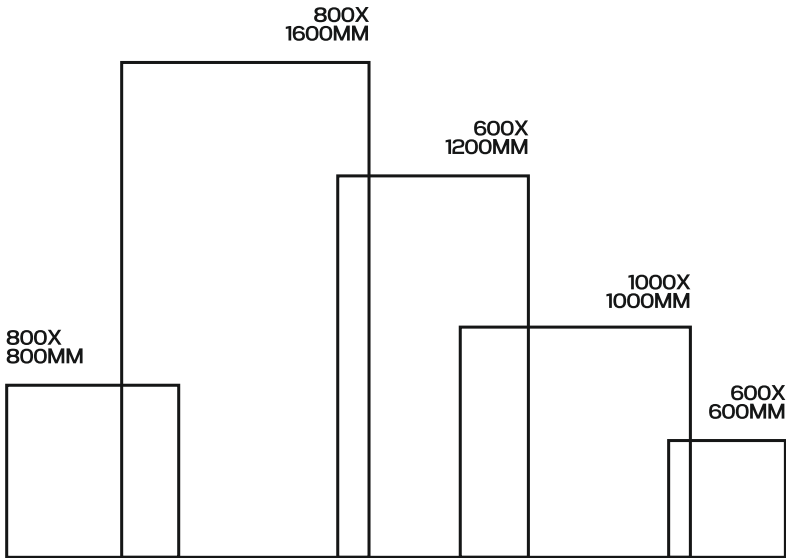

### Earn

Get payment in your account  
Avail business loans at competitive price

**Beyond The Surface**

A revolutionary material that is uniform, compact, unbreakable, secure, and environmentally friendly. Fragments of minerals arranged in a naturally random pattern and create fantastic surfaces that give bold colour statement to spaces.

**FEATURES & APPLICATION**

Bring out the natural elegance of your space with the exquisite designs of the surfaces.

|                                                                                                                 |                                                                                                                |                                                                                                              |                                                                                                                 |
